ABOUT

About Furfect Match

Learn about the system behind the matching and the organizations that make it possible.

Matching Pets with the Right Families

FurFect Match is a web-based pet adoption system developed for the Virac Animal Shelter in Catanduanes, Philippines. It uses a rule-based Decision Support System (DSS) to match adopters with pets based on lifestyle compatibility ensuring every adoption has the best chance of success.

Our **DSS-powered matching** considers your living situation, health, financial capacity, activity level, and household composition to find your ideal pet.

Fair and unbiased matching — breed information is hidden during browsing to ensure the DSS matches based on lifestyle, not appearance.

Applications are reviewed by **shelter staff** and given final approval by the **Municipal Agriculture Office (MAO)** of Virac.

Tell Us About Your Lifestyle

Your answers help our DSS calculate your compatibility with available pets. Answer as honestly as possible.
This profile can only be updated every **3 months**.

Important: Your lifestyle profile is **locked for 3 months** after submission to ensure fair and accurate DSS matching. Please make sure all your answers reflect your real, current situation before submitting.

Lifestyle Profile Quiz

Fields marked * are required. Weight labels show how much each factor affects your DSS match score.

SECTION 1: LIVING SITUATION HIGH WEIGHT

What type of house do you live in? *

This affects which pet sizes and energy levels are suitable for your space.

House with yard

Apartment / Condo

House without yard

Rented room / Boarding

Rural / Farm

Does your home have a stable air conditioning unit? *

Some pets have higher sensitivity to heat and require a cool and stable environment to stay healthy and comfortable.

Yes, stable aircon

Yes, but only sometimes

No aircon, uses electric fan only

No aircon, natural ventilation only

Does your home have safe outdoor access? *

Important for high-energy or outdoor-type pets.

Yes, fully fenced

Yes, but not fenced

No outdoor access

SECTION 2: DAILY LIFESTYLE HIGH WEIGHT

Your activity level *

How active are you on a typical day?

Very light: mostly at home

Light: occasional walks

Moderate: regular exercise

Very active: sporty / outdoor

Work / daily schedule *

Determines how much alone time a pet will have daily.

Work from home / stay-at-home

Office hours (regular 8-5)

Shifting / irregular hours

Student

SECTION 3: HOUSEHOLD MEDIUM WEIGHT

How many people live in your household? *

Select

Do all household members agree to adopt? *

Shelter may require household consent.

Yes, everyone agrees

Not yet discussed

Children at home? *

Young children may need a calmer, gentle pet

No children

Young children (below 7)

Older children (7 -12)

Teenagers (13+)

Other pets at home? *

Helps identify pets that are social or need to be the only pet.

No other pets

Yes, other dogs

Yes, other cats

Yes, mixed pets

SECTION 4: FINANCIAL CAPACITY HIGH WEIGHT

Occupation / source of income *

Select

Monthly household income *

Used to assess your ability to provide for a pet's needs and maintenance.

Select income range

Pet ownership experience *

First-time owners may be better suited for calmer, lower-maintenance pets.

First-time owner

Had pets before (not currently)

Currently have pets

Experienced / multiple pets

SECTION 5: HEALTH CONSIDERATIONS HIGH WEIGHT

Do you or anyone in your household have any of the following? *

This helps the DSS avoid matching you with pets that may worsen existing health conditions. Select all that apply.

☐ Asthma / Respiratory Issues
May need low-shedding pets

☐ Pet fur / dander allergy
May need hypoallergenic pets

☐ Skin allergies / Dermatitis
Sensitive to pet contact

☐ Immunocompromised condition
Needs extra hygiene precautions

☐ Anxiety / Animal phobia
Prefer calm, gentle pets

☐ None / No known conditions
No health restrictions

SECTION 6: PET PREFERENCES LOW WEIGHT

These are **soft preferences** — they help personalize your matches but do **not override** the DSS lifestyle compatibility score. Breed selection is intentionally excluded to ensure fair and unbiased matching.

Pet type preference *

Dog

Cat

No preference

Size preference

Small

Medium

Large

No preferences

Gender preference

Male

Female

How DSS Scoring Works: Your answers are assigned weights by importance. **Living situation, health conditions, activity level, and financial capacity** carry the highest weight. Pet preferences like coat color and gender carry the lowest weight. After you submit, the DSS will calculate your compatibility scores and show your matched pets.

 **Limited profile view.** Detailed breed information is intentionally hidden to ensure unbiased DSS matching. Your match score is based on your lifestyle profile, not breed preference. Visit **My Matches** for your full compatibility results.

Bruno is a large, energetic, and strong-willed dog who thrives in wide open spaces. He needs plenty of daily exercise, outdoor activity, and an experienced handler who can manage his high energy levels. He is best suited for an active owner with a house and a large yard.

This pet is not in your top DSS matches

Based on your lifestyle profile, **Bruno is not compatible** with your current living situation and activity level. Applying for this pet may **reduce your chances of approval** since the shelter staff and MAO will review your DSS compatibility score during evaluation.

We recommend viewing your [top matched pets →](#) for better chances of a successful adoption.

Match score for you

28%

Why is this a low match:

-  Large dog not suited for apartment
-  Requires yard — no outdoor access
-  Very high energy vs. moderate lifestyle
-  Not ideal for first-time owners

You have **3 pets** that are a much better match for your lifestyle. [View My Matches](#) to see pets the DSS recommends for you.
